All these courses will become useful for the students and faculty.

5. Evidence of Success

Many student are from rural background and have little exposure to the world class curriculum and faculty members across the IITs.

Total 109 students completed these courses successfully during the current year and a few of them were among the national toppers.

As a result of this practice the college has observed notable change among students. Also there is a remarkable change in the students after they complete such type of courses. The students have also developed professionalism.

6. Problems Encountered and Resources Required

Since this is an online programme, students go through a hectic schedule. They have to attend their classes in college during morning and study at a certain online course in the evening. The university also has not cleared its policy on Credit Transfer.

Annexure II

1. Title of the Practice: User Services of Library

Students Participation in Film Club Activities.

2. Goal

Aim of organizing Film Club Activities is to create awareness among the students. It also aimed at giving students firsthand experience of sharing what they know.

3. The Context

The college has four literature departments in addition to the department of Music and Mass Media. There are around 500 students learning in these departments every year. The faculty in these subjects identified a gap in student understanding film and media. Hence their awareness is important.

Among the participants involved in this activity were students of undergraduate and post graduate courses.

4. The Practice

Therefore, the college decided to form a MoU with local film club. With this club 12 monthly workshops were organized. There was an overwhelming response from students.

5. Evidence of Success

This activity has become a regular feature for our student engagement on issues of social importance. Here is a glimpse of the invitations:
